Dear Parents/Students:

We are facing the greatest challenge our country has faced in generations. The everyday normal has changed, therefore we have to be innovators and think differently. I am certain you as parents are anxious and concerned with your children attending school. Please be certain we will do all we can to keep your children safe. One of your concerns is the safe feeding of our students. Though we have changed many of our procedures within the Food Service Department, the nutritional guidelines outlined by the National School Lunch Program will not be compromised in any way. Please be advised your Food Service Department is taking all necessary steps to ensure safe feeding of your children as follows:

FEEDING OUR ON CAMPUS LEARNERS:

- 1) Traditional service in the café will be eliminated
- 2) All meals will be delivered in closed containers to the classrooms
- 3) Packaged grab and go will be more prevailing
- 4) Safe handling of meal preparation enforced
- 5) Continues sanitation of all food preparation areas
- 6) Delivery staff will wear masks, gloves. Proper hand washing and sanitizer use in preparation.
- 7) Delivery carts will be sanitized between deliveries
- 8) Limited contact with students

FEEDING OPPORTUNITY FOR OUR INNOVATIVE LEARNERS:

We will be offering this service to parents interested in picking up lunch meals for their children who are learning from home. Information with details about this service will come at a later date once all details are finalized.

BREAKFAST:

Bus riders: A breakfast station will be placed at the bus loop upon arrival for bus riders to pick up their breakfast on their way to class. Breakfast will be packed into closed containers for those students wanting breakfast.

Car riders: Café pick up of a grab and go breakfast. Take the breakfast to their classroom to eat.

If you have additional questions, suggestions or concerns please reach out to the undersigned.

Bea Cordova
